THEORY - TR

Title	Section	Page No.
[A]		
Advice Displays (Call Service Messages)	Appendix	APX(4)-1
[C]		
Caution	Maintenance	1-2
Clamp Plate Master Clamp Mechanism	Master Clamp	10-5
Clamp Plate Master Clamp Mechanism	Master Clamping/Loading	15-8
Clamp Plate Master Release Mechanism	Master Clamp	10-3
Clamp Plate Master Release Mechanism	Master Removal	11-5
Clamp Unit Home Positioning Mechanism	Master Clamp	10-1
Cross Sectional Diagram	Machine Summary	2-3
Cutter Home Positioning Mechanism	Cutter	13-1
Cutting Mechanism	Cutter	13-3
[D]		
Description of PCBs	Appendix	APX(5)-1
Disposed Master Compressing Mechanism	Master Removal	11-9
Drum Idling Mechanism	Drum	8-6
Drum Locking System	Main Drive	3-5
Drum Positions	Main Drive	3-3
Drum Set Check Mechanism	Drum	8-2
During the Printing Timing Chart	Paper Jam	9-6
[E]		
Electrical Components	Appendix	APX(0)-1
[F]		
First Paper Feed Drive Mechanism	First Paper Feed	4-3
[I]		
Image Scanner	Image Scanning	12-5
Ink Pack Set Check Mechanism	Drum	8-3
Ink Supply Mechanism	Drum	8-4
[M]		
Machine Operations	Machine Summary	2-4
Main Drive	Main Drive	3-1
Main Motor Safety Switches	Main Drive	3-2
Master Advance after Master Cutting	Master Clamping/Loading	15-14
Master Disposal Box Set Mechanism	Master Removal	11-12
Master Feeding Mechanism	Master Clamping/Loading	15-6
Master Loading on the Drum Mechanism	Master Clamping/Loading	15-10
Master Making	Master Making	14-1
Master Making Unit Set Mechanism	Master Clamping/Loading	15-1
Master on Drum (in printing) Check Mechanism	Drum	8-1
Master on the Drum (before master removal) Check	Master Removal	11-3
Master Positioning Mechanism	Master Clamping/Loading	15-4
Master Removal and Feed	Machine Summary	2-6
Master Removal Mechanism	Master Removal	11-7
Master Removal unit Home Positioning Mechanism	Master Removal	11-1
Master Tension Plate Home Positioning Mechanism	Master Clamping/Loading	15-2
Master Tension Plate Lifting Mechanism	Master Clamping/Loading	15-12
Memory Switches (Test Mode)	Appendix	APX(2)-1

THEORY - TR

Title	Section	Page No.
[O]		
Original Loading Mechanism	Image Scanning	12-1
Original Scanning Mechanism	Image Scanning	12-3
Paper Ejection Mechanism	Paper Ejection	7-1
[P]		
Paper Feed and Receiving	Machine Summary	2-5
Paper Feed Pressure Select System	First Paper Feed	4-6
Paper Feed Tray Elevation	First Paper Feed	4-1
Paper Jam at First Paper Feed Area	Paper Jam	9-1
Paper Jam at Paper Receiving Area	Paper Jam	9-4
Paper Jam at Second Paper Feed Area	Paper Jam	9-2
Paper Jam on the Drum	Paper Jam	9-3
Paper Pickup System	First Paper Feed	4-5
Paper Separation Mechanism	Paper Ejection	7-3
Preface	Maintenance	1-1
Press Mechanism	Press	6-1
Print Start Timing Chart	Paper Jam	9-5
Print Stop Timing Chart	Paper Jam	9-7
[S]		
Second Paper Feed Drive Mechanism	Second Paper Feed	5-1
Specifications	Machine Summary	2-1
Squeegee Roller Rotation Mechanism	Drum	8-8
[T]		
Test Mode	Appendix	APX(1)-1
Thermal Power Safety Switches	Master Making	A14-3
[U]		
Users Mode	Appendix	APX(3)-1
[V]		
Vertical Print Position	Second Paper Feed	5-3
[W]		
Warning	Maintenance	1-3
Work Precautions	Maintenance	1-4
